MEMORANDUM FOR: Deputy Director for Administration

FROM:

Director of Data Processing

STAT

SUBJECT: ODP Report for Week Ending 29 July 1983

1. New Hours for CAMS2 Computer Center

The CAMS2 Computer Center in the W2 Building will be open 24 hours a day, seven days a week from 24 July until 19 August at the request of TRW.

2. External Procurement

ODP concurred on the following requests for the purchase of ADP hardware and software:

- ° Analytic Support Group/Office of Current Production and Analytic Support/DDI, additional equipment to support the Golden Tiger project;
- ° Development Program Group/National Photographic Interpretation Center/DDS&T, lease of two Univac 1100/91 computer systems, to support the NPIC Development Program;
- ° Foreign Broadcast Information Service/DDS&T, Radio Shack Model 100 portable computer, for evaluation as a home-use tool for independent contractor translators;
- ° Office of Communications/DDA, DEC PDP 11/44, to host a communications equipment monitoring system.

3. Excess ADP Equipment

The Office of Data Processing's (ODP) last remaining IBM 370/168 computer system, was declared excess to the Agency's needs. The system was formerly used for CAMS development at the TRW W2 facility. It has been replaced by an IBM 3033. The ODP-owned 370/168 had an acquisition cost of \$5,497,582.

4. New Hourly Pay Rates

The Biweekly Payroll system currently computes hourly rates for annual salaried employees by dividing their annual salary by 2080 hours. Effective 2 October, the number of hours by which the annual salary is divided must be changed to 2087. The system is being researched in order to determine the impact of this change. It will be necessary to have the system recalculate several fields pertaining to the hourly rate in employees' master records.

5. New Automated Registries

Preparations have been made to bring up two new automated registry systems. One for the Office of Development and Engineering (ODE) and the other for the Information Technology Branch, Office of Information Services (OIS). Both registry systems are scheduled to be in operation by mid-August.

6. Significant Events During Coming Weeks

None.
